

Days Gone By

Words & Music by Gary Soloman

**What ever happened to the days gone by
When we were young just learnin' how to fly
Endless days and long summer nights without you**

**Looking out over the ocean blue
Smell the breeze and your perfume
Wishin' we were making love in the back room**

**Oh Diane, Oh Diane
How I wish Oh how I wish that we were two**

Interlude ...

**You had a mini and I had one two
A thousand times I felt a déjà vu
Thought I would spend younger years with you**

**All the loves that went wrong
All the places I did not belong
Never believed that I could not find you**

**Oh Diane, Oh Diane
How I wish Oh how I wish we were two**

Interlude...

**Oh Diane, Oh Diane
How I wish Oh how I wish we were two
Oh Diane, Oh Diane
How I wish Oh how I wish we were two**
