

# **The Dancer**

**Words and Music by Gary Soloman**

**Here the music playing loud  
A measure of the moment  
A rhythm in the street  
It takes you on a journey  
Feel the pulse feel the beat  
It's a primal interaction**

**I don't know where it comes from  
But I know where it takes me  
It's a part of you, a part of me  
The dancer keeps on dancing  
Forty second street, feel the beat  
The dancer keeps on dancing**

**So many people through the ages  
Have felt its magic spell  
And it just keeps on going  
And it always will**

**The dancer in you the dancer in me  
It sets the spirit free  
I don't where it comes from  
But I know where it takes me  
it's a part of you it's a part of me  
The dancer keeps on dancing  
42nd Street feel the beat  
In the jungle heat feel the beat  
The dancer keeps on dancing**

## **SOLO**
