

# **Heart Beat**

**Words & Music by Gary Soloman**

**I had a bad dream  
You had a dark gleam in your eyes  
Running from a rainbow  
To join the side show you crossed the line  
Standing in the moonlight in the shadow  
Of black and white**

**Oh, the power to heal my bleeding heart  
The power to go back to the start**

**Hold me closer, do you feel my heartbeat?  
Hold me closer, do you feel my heartbeat?**

**I had a heartbreak  
Had too much of falling in love  
I had a heartbreak  
Had too much of the push and shove**

**Oh, the power to heal my bleeding heart  
The power to go back to the start  
If you see me in the midnight air  
If you hear my voice and whispers in your ear**

**Hold me closer, do you feel my heartbeat?  
Hold me closer, do you feel my heartbeat?  
Hold me closer, do you feel my heartbeat?  
Hold me closer, do you feel my heartbeat?**

**Hold me closer, do you feel my heartbeat?  
Hold me closer, do you feel my heartbeat?**
