

Michelle

Words & Music by Gary Soloman

**Michelle, you know you've been dreaming again
Of a time when you were younger
Staring back at the mirror again
Looking over your shoulder**

Chorus

**I can never ever change a thing
Can only take one guess at it
You may never ever pass this way
Again**

Michelle, you know you've been dreaming again

**I can never ever change a thing
Can only take one guess at it
You may never ever pass this way
Can only take one look at it
I may never ever change a thing
Can only take one guess at it
You may never ever pass this way
Again...**

**I can never ever change a thing
Can only take one guess at it
You may never ever pass this way
Can only take one look at it
You may never ever change a thing
Can only take one guess at it
I may never ever pass this way**

**Michelle, you know you've been dreaming again
Michelle, you know you've been dreaming again**
