

# **School Days**

**Words & Music by Gary Soloman**

## **Verse 1**

**Hey girl I saw you  
Walkin' down Brunny Rd  
Went down to the boat house where we swam in the water hole  
Put a coin in the Juke Box  
Sang along to The Plain White T's  
Stayed up all night to do whatever we please**

## **Chorus 1**

**All these memories are still with me now  
I can see the colour of your eyes  
You were standing in the pouring rain  
As I waved goodbye**

## **Verse 2**

**I fell down the steps on the last day of school  
You watched me Pass out in the street  
Thought I was cool  
Everyone has gone their own separate ways  
All that's left of the old school days**

## **Chorus**

## **Outro**

**Ooooooooooooo**

**If I could live that moment once again  
These memories are still with me now  
You were standing in the pouring rain  
I waved goodbye**
