

Hearts on Fire

Words & Music by Gary Soloman

**Faces at my window
Writing on the rock
Fire on the horizon
Purple sunset hearts on fire**

**My hearts on fire
My hearts on fire**

**Walked for miles bruised my feet
Are you the one told to meet
The journey's not so long
Got to find when I go on
Yellow cake nuclear treat
Children in the street
Fire on the horizon purple sunset hearts on fire**

**My hearts on fire
My hearts on fire**

**Dignity road paved with gold
Times up everything's sold
Ozone hole in heart
Burning sun tears it apart
Fire on the horizon
Purple sunset Hearts on fire**

**Hearts on fire
My hearts fire
Hearts on fire
My hearts on fire**
