

# **We've Had Time**

**Words & Music by Gary Soloman**

**Hey haven't I met you before?  
Was it in 1974  
Down at the troubadour  
Where we'd listen to the band**

**When the peace train rattled on  
Bringing the boys back home  
The waters flooded the gate  
Washed away the years**

## **Chorus**

**We've had time to turn this on  
We've had time to have some fun  
We've had time to dance the night away**

## **Middle 8**

**No point in staying at home  
Being all on your own, waiting by the phone  
This ringing in my ears  
Sounds I don't want to hear  
I am spinning around like a mirror ball**

## **Chorus**

## **Instrumental**

**When Elvis was the King  
Richi handed back the bling  
We knew it would be alright**

## **Chorus x2**

## **Instrumental**

## **Chorus outro**
